The Board of Directors at the March 22d meeting, raised the dues from $5.00 to $7.00 for 3 years, and the Life Membership from $25.00 to $35.00. This action was necessary because of rising costs in postage, printing, and other costs in general. The entry fee remains at $3.00....The President has selected the nominating committee to select a slate of officers for 1972-73, petitions by 100 members to place their choices on the ballot should be in Headquarters by September 15th....

Please note that the secretary's name has been inadvertently left off the mast head on the QCWA news. This has been corrected, and note that the board members are also included.

For your information, the officers and Board members do not receive any renumeration for expenses, such as travel to and from Board meetings, etc. All expenses are paid out of pocket by each member of the board.

The Board of Directors will meet on October 22 at 12:30PM called by the President to conduct such business as may be brought up at that time for consideration. After the business meeting the president and board will proceed to the Grand Ball room of the Hilton Hotel for the annual meeting. The 12:30 Meeting will be held at Hilton inn.

WASHINGTON CHAPTER(W3TFA).The 15th Annual Old Timer's night was held on Mar 13, this annual and seasonal event was again held at Gaithersburg, MD, at the Washingtonian Motel. Attendance this year was 240 down from last years 266. Many distinguished officials of various organizations were present; QCWA was represented by W2ALS,QCWA Vice Pres, W6ATC, Board member, W2KH, Board member and W2JE, Executive Secretary. ARRL, by W3EPC, W4KFC, W1RW, and W6MLZ. FCC delegation; W3EL, Curt Plummer, W4QAW. The guest speaker was the Hon. Dean Burch, Chairman of the FCC. Mr. Burch announced the forthcoming retirement from the FCC of Bill Grenfell W4QF, effective Mar 1st. A standing ovation for Bill endorsed the sincere appreciation we all have for his many contributions in social as well as business affiliations over the years. Mr. Burch emphasized that the FCC regulations support the Amateur Radio service as set forth in Sec 97.1. Further, that the FCC encourages amateur participation in noteworthy service as governed by Sec 97.39. He admitted the ambiguity that exists today in the literal interpretation of those regulations having dubious legality, and indicated that the FCC is actively soliciting solutions to permit amateur support separate but short of those of a professional service. Chairman Burch concluded his presentation by offering unequivocally his undaunted support for the Amateur Radio Service as long as he is associated with the FCC. W2ALS, Vice President QCWA, presented 50 year awards to W3AHT and W3UP. WA4PBG Pres of the Foundation for Amateur Radio presented an engraved plaque to KØNL for his many years of devotion to amateur radio in assisting others to attain their utmost fulfillment and enjoyment. W4ZM gave an interesting talk and demonstration on "How to make a KW Radio station without tubes". This was an actual replica of his early rotary spark. A very moving ceremony transpired when Granny Klink W3AFV presented an engraved plaque to Robbie, W3RE, for distinction since the inception or founding of the Washington Chapter of QCWA 15 years ago. A standing ovation resounded for several minutes showing Robbie how the members felt. New officers for the coming year are; W3AFV,Chairman, W3HB, Vice Chairman, and W3CDQ secy-treas.

W5EJ reports over 100 logs received for this QSO party. The President and Board members congratulate W5EJ and his committee on a very fine job in tabulating all the logs. W6PQ will retain the plaque as he has won it three successive times. A new plaque will be made up, for 1972 QSO Party. All those members who have not worked 100 members, can still get their certificate, by sending the balance of QSL cards. For example W5PM has 50 contacts, all he needs to do is send 50 QSL's and he will get the "worked 100 members" certificate.

Twentyfour members on the list will receive their "Worked 100 QCWA" members certificate without further proof.

Congratulations to W6PQ H. J. Gleed Jr., for a very fine showing, and to W3IN who also did a very fine job, thats a lot of work fellows. W5NW "Soupy" Groves, also pounded the key quite regularly to come up with such a fine score.

The "Naked" Truth

How did the above expression get into our language? In a legend, Truth and Falsehood once went bathing. When they came out of the water, Falsehood, who was swifter, ran ahead, dressed herself in Truth's clothing and sped away. Truth, unwilling to appear in Falsehood's clothing went 'naked'. It is for this reason that we call absolute truth, 'the naked truth.' (Now you know,W2JE)
